DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

The prior art does not provide for an obvious combination of the enclosure and the structure of the sub-irrigation tray as claimed, specifically with regards to the watering means (overflow pipe from one tray to a lower tray as in US 2 952 096 to Hughes et al. or sprinklers as in US 3 458 951 to Martin vs. a water pipe within the tray and drainage groove) and a three-sided tray (which would prevent the overflow watering method of Hughes).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joseph W. Sanderson whose telephone number is 571-272-0474. The examiner can normally be reached on M-F 7:30 am - 3:00 pm.
